## Insurance & Billing Authorization

Thank you for choosing Boca Fertility as your health care provider. We are committed to the success of your treatment. The following form is a statement of our Insurance and Billing Policy, which we require you to read, initial and sign prior to any treatment.

Boca Fertility will bill your insurance for covered charges incurred in our office. Your deductible and co-payment are due at the time of your visit. We accept cash, MasterCard, Visa or Discover. Patients paying cash should note that we do not keep change in our office.

Boca Fertility verifies your insurance benefits with your insurance company prior to your appointment. Please be advised that it is only an estimation of benefits; it is not guaranteed by the insurance company and is subject to change by your insurance's approval. You will be responsible for all charges not paid by your insurance company. We will do everything in our power to appeal an unpaid charge; however, you are responsible for payment for your services rendered.

I agree to have Boca Fertility bill my credit card automatically on my account balance for any charges \_\_\_\_\_  
Initial

Some services provided by our office may be non-covered. If we have been informed that the service is not covered, you will be responsible for payment in full at the time of the visit. Otherwise, we will file the claim and bill you if it denied.

It is important to note that many insurance policies do not cover infertility; therefore, your expenses at our office may or may not be covered. If your insurance coverage is terminated or you switch policies, it is your responsibility to let us know prior to receiving further services.

It is possible at some point your insurance company may request a copy of your records to determine if your treatment is for a non-covered or pre-existing condition. Unfortunately, this is a matter we have no control over. We cannot withhold or alter records.

For surgery, ovulation induction therapy and in vitro fertilization, we will bill your insurance; subject to verification of coverage and pre-payment of your expected out-of-pocket expenses. You will be billed for all charges not paid by your insurance. Patients with accounts sent to an outside collection agency are responsible for all collection costs and legal fees.

The medical personnel in our office, including Dr. Peress and Dr. Margolis, are devoted exclusively to your medical care. Please direct all matters relating to fees, billing and insurance only to the business personnel.

I understand I am responsible for payment of all my services and agree to all of the above. \_\_\_\_\_

## Patient Informed Consent for Molecular Genetic Testing

**Purpose:** I understand that one or more tests are being ordered by my doctor to determine if I am a carrier for one or more genetic conditions.

**Methods:** Testing is performed on a small sample of blood. Accurate information about my family history and ethnic background is required for accurate interpretation of the test results.

**Results:** I understand that, if the test results are positive, I may be a carrier of the disorder tested. I will be referred for genetic counseling.

**Risks and information:** The test results may not provide definitive conclusions regarding reproductive risks. While this testing is highly accurate, rare testing errors may occur. Further testing may be warranted for myself or my partner and this additional testing may or may not be covered by insurance.

**Testing of additional family members:** May be requested which could discover previously unknown information about family relationships, such as non-paternity or adoption.

**Result disclosure:** Boca Fertility will disclose my test results directly to me.

**Genetic counseling:** I have been informed about the availability and importance of genetic counseling and its availability both prior to and after testing.

My signature below indicates that I have read, or had read to me, and understand the above information. The decision to consent to, or to refuse, the above testing is entirely mine. I have had the opportunity to discuss it, including the purposes, limitations and possible risks, with my doctor or someone my doctor has designated. I have all the information I want, and all my questions have been satisfactorily answered. I understand my insurance may not cover the genetic testing or my deductible or coinsurance may apply.
